## Bridport Area Employee and Employer Housing Survey

### What is this for?

As part of the research into what the residents and work force of the Bridport Area want for the future, a “Neighbourhood Plan” is being drawn up by a team of local volunteers. When completed and approved by a majority of residents it then becomes a part of the planning process, with real influence over future decisions on how the area should develop.

The “Housing Working Group” is looking specifically at future housing needs. As part of our studies we want to understand better how availability and affordability of housing affects our local businesses.

This questionnaire is important and anonymous. Please take a couple of minutes to complete it. Just leave blank anything you are not happy to answer or are unsure about, and feel free to add margin notes.

Thank you!
