

PROPOSED WORKS IN YOUR AREA - St Katherines Drive, Bridport, Dorset

Dear Sir /Madam

Following the Government's guidance for construction activity - that it should continue where it fits with both the current Public Health England requirements and in accordance with industry safety guidance - Dorset Council is restarting a programme of carefully selected surfacing works. The revised list of surfacing sites is made up of roads that are in a deteriorating condition and are essential to help keep life-saving medicine, equipment, supplies and key workers travelling safely across the county. Additional safety measures are also being taken to ensure the health and safety of workers in these unprecedented times. We are working closely with other highway authorities across the south west and with industry bodies to share knowledge of new ways of working. As you can appreciate this is a rapidly developing situation, so we are doing our best to keep Dorset's businesses and residents up to date as this work progresses. The latest information on all planned road works can be found at www.dorsetcouncil.gov.uk/roadworks

To enable us to carry out maintenance work, we plan to close St Katherines Drive, Bridport, Dorset between 31st March 2021 and 1st April 2021. The road will be closed daily between the hours of 09.00 and 16.00 but it will be open overnight and at weekends. During the closure periods there will be no on street parking available. Parking restrictions will be imposed to prevent waiting or parking on the roads stated above. Any vehicle waiting in contravention of any restriction imposed by this Notice may be removed under the provisions of the Removal and Disposal of Vehicles Regulations 1986. If a vehicle has been towed the owner will need to contact our towing contractors Bride Valley on 01305 889421.

We will be repairing sections of road within the area marked in red indicated on the map. The diversion route is marked in blue. National regulations state that we have to divert traffic onto the same classification of road as the one we have closed.

In the current financial climate, the highways service has had to focus its budget on targeting the most damaged sections of road and areas with safety issues.

We will contact you again nearer the time to confirm the dates of the work and the closure needed.

If you wish to discuss any issues regarding this work, please [contact us](#).

Yours faithfully

Jason Loibl
